

บริษัท อาร์ ซี แอล จำกัด (มหาชน) Regional Container Lines Public Company Limited

Press Release for Financial Results as at 31 December 2021

RCL is pleased to report that its Q4 2021 financial performance exceeded expectation with a record profit of THB 8,117 million or 544% increase over Q4 2020. Volumes of liftings increased by 10% and average freight rates improved by 143% compared to the previous year.

This was the strongest quarterly result, arising from exceptional market conditions caused by global supply chain disruptions.

Further increase in freight rates has led the annual profit of 2021 to a new high of THB 17,976 million or 930% growth over the previous year with an average profit per share of THB 21.60 baht per share. A revenue growth was 123%, while the volume grew by 8%.

Global supply chain disruptions not only produced favourable market conditions for the shipping lines but also created substantial increases in costs such as bunker price and other operating items. However, the management has been able to keep these cost increases to within 35%, substantially lower than the growth in the revenue. Despite such high volatility, RCL still has been able to reap benefits from market conditions through its careful planning and agility.

During 2021, RCL has been able to enlarge its capacities through acquiring additional new fleet and also provided extra services to its customers in certain needed routes.

04 March 2022

Founded in 1979, RCL is a Thai based container shipping line. Listed on the Thai Stock Exchange since 1988, its core business is in the carriage of Shipper owned containers (SOC) and its own Carrier container containers (COC) in a service network that is fully Asia centric. RCL currently owns and operates a fleet of 46 vessels with sizes ranging between 388 TEUs and 8533 TEUs. It also has a fleet of 139,931 TEUs to support its own COC carriage as well. RCL operates a network of 69 offices made up of both owned and agency partner offices to support its operations. Today, RCL is recognised as amongst the leading SOC and Intra Asian operator by both peers and customers alike.

Accounting Management & Tax Services 491/27 Silom Plaza, Silom Road, Bangruk, Bangkok 10500, Thailand. Tel: +66 (0) 2234-1676, 2234-1678, 2237-2132 ● Fax: +66 (0) 2237-2133

INDEPENDENT AUDITOR'S REPORT

To The Shareholders and Board of Directors of Regional Container Lines Public Company Limited

Opinion

I have audited the consolidated financial statements of Regional Container Lines Public Company Limited and its subsidiaries (the "Group") and the separate financial statements of Regional Container Lines Public Company Limited (the "Company") which comprise the consolidated and separate statements of financial position as of 31 December 2021, and the related consolidated and separate statements of changes in equity, income, comprehensive income, and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying consolidated and separate financial statements present fairly, in all material respects, the financial position of Regional Container Lines Public Company Limited and its subsidiaries and of Regional Container Lines Public Company Limited as of 31 December 2021, and financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards ("TFRSs").

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing ("TSAs"). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of my report. I am independent of the Group in accordance with the Federation of Accounting Professions under the Royal Patronage of his Majesty the King's Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to my audit of the consolidated and separate financial statements, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the consolidated and separate financial statements of the current year. These matters were addressed in the context of my audit of the consolidated and separate financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Key Audit Matters included Audit Procedures are as follows:

Impairment of vessels (the consolidated and separate financial statement)

As describe in Note 2.6, 2.14 and 9.2 to the financial statement, the Company and its subsidiary's vessels which are stated at cost less accumulated depreciation and allowance for loss on impairment of assets (if any) are significant amount. The management exercise judgement in determining the impairment loss due to the recoverable amount of the vessels is determined on value in use by estimate future cash flows that the entity expects to derive from the assets which related to the projection of future operating performance, future plan and determination of an appropriate discount rate and key assumptions. Therefore, I have identified that considering the impairment loss of vessels is the significant matter that requires special attention in the audit.

My audit procedure on such matter

I verified the impairment of vessels by consider and assess the reasonable and supportable assumptions and approaches in preparation of the estimate of future cash inflows or outflows which the Group expected to derive from the continuing use of the vessels. Including assess the Group's reasonable discount rate which used for calculation of the recoverable amount of the vessels and considered the adequacy of the information disclosure related to impairment of vessels.

Other Information

Management is responsible for the other information. The other information comprise the information included in the annual report of the Group, but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after the date of this auditor's report.

My opinion on the consolidated and separate financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the consolidated and separate financial statements, my responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and the management of the Group.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with TFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

My objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with TSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with TSAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

• Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. I am responsible for the direction, supervision and performance of the group audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current year and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

...... DIRECTOR

Mr. Sutep Tranantas:n Director

Regional Container Lines Public Company Limited and its subsidiaries Notes to financial statements For the year ended 31 December 2021

1. General information

1.1 Corporate information

Regional Container Lines Public Company Limited ("the Company") was incorporated as a public limited company under Thai laws. The Company operates its business in Thailand and other countries in South China Sea and its principal activity is in the business of international vessel operations. The Company's registered address is 127/35 Ratchadapisek Road, Chongnonsi, Yannawa, Bangkok.

1.2 Coronavirus disease 2019 Pandemic

The Coronavirus disease 2019 (COVID-19) pandemic is continuing to evolve, resulting in an economic slowdown and adversely impacting most businesses and industries. This situation may bring uncertainties and have an impact on the environment in which the group operates. Nevertheless, the Group's management will continue to monitor the ongoing developments and regularly assess the financial impact in respect of the valuation of assets, provisions and contingent liabilities, and has used estimates and judgement in respect of various issues as the situation has evolved.

In the 1st quarter of year 2021, the Group has decided to discontinue application of the Accounting Guidance on Temporary Relief Measures for Accounting Alternatives in Response to the Impact of the COVID-19 Pandemic for all temporary relief measures on accounting alternatives, which the Group had complied in year 2020, due to the expiration of the period of use of relief measures, which the cancellation of the said Accounting Guidance with no significant impact on the Group's financial statements.

1.3 Basis for preparation of financial statements

These financial statements have been prepared in accordance with financial reporting standards and guidelines promulgated by the Federation of Accounting Professions.

These financial statements have been prepared on a historical cost basis except where otherwise disclosed in the accounting policies.

An English language version of the financial statements has been prepared from the statutory financial statements that were issued in Thai language. In case of conflict or difference in understanding, the financial statements in Thai language shall prevail.

15

- (e) The financial statements of the subsidiaries, the associates and joint ventures are translated into the Group's functional currency and into the presentation currency as stated in note 2.12
- (f) Material outstanding balances and transactions between the Company and its subsidiaries ("the Group") have been eliminated from the consolidated financial statements.
- (g) No Thai income tax has been accrued for undistributed net income of the overseas subsidiaries, since the net income are intended to be retained by those subsidiaries for long term reinvestment purposes.
- (h) Non controlling interest represent the portion of net income or loss and net assets of the subsidiaries that are not held by the group's Company and are presented separately in the consolidated statements of income and within equity in the consolidated statements of financial position.

1.5 Adoption of new financial reporting standards

1.5.1 Financial Reporting Standards which are effective in the current year

During the year, the Group has adopted the revised and new financial reporting standards and interpretations which are effective for fiscal years beginning on or after 1 January 2021. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards. The adoption of these financial reporting standards does not have any significant impact on the Group's financial statements.

1.5.2 Financial Reporting Standards which are not effective for the current year

During the year, the Federation of Accounting professions has revised financial reporting standards, which are effective for financial statements year beginning on or after 1 January 2022, are as follows:

Financial reporting standards

TFRS 1 First-time Adoption of Financial Reporting Standards

TFRS 16 Lease

The management of the Group has assessed that TFRS 1 and TFRS 16 will not have impact on the financial statement when they are applied.

NEW STATE OF THE PARTY OF THE P

DIRECTOR

fr.Sutep Trananusus

Director

.... DIRECTOR

2. Significant accounting policies

2.1 Revenue recognition

Freight income

Freight income is recognised when services have been rendered taking into account the stage of completion.

Interest income

Interest income is recognised on an accrual basis based on the effective rate method.

Dividends

Dividends are recognised when the right to receive the dividends is established.

Other income

Other income is recognised on an accrual basis in accordance with the substance of the relevant agreements.

2.2 Cash and cash equivalents

Cash and cash equivalents consist of cash in hand, cash at banks and all short - term highly liquid investments and not subject to withdrawal restrictions.

2.3 Material supplies

Material supplies are valued at cost, on a first - in, first - out basis and charged to vessel operating costs whenever consumed.

2.4 Investments

Investments in associated companies and joint ventures are accounted for in the consolidated financial statements using the equity method.

Investments in subsidiary, associated and joint ventures companies are accounted for in the separate financial statements using the cost method.

Provision for loss is set aside only for any permanent diminution in the value of the investments.

TON STATE CONTRACTOR

.. DIRECTOR

T. Sütep Tranantasın

Director

..... DIRECTOR

2.5 Business combinations

Business combinations are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the Group.

Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

The Group measures goodwill at the acquisition date as:

- The fair value of the consideration transferred; plus
- The recognized amount of any non controlling interests in the acquiree; plus
- If the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- The net recognized amount (generally fair value) of the identifiable assets acquired and liabilities assumed

When the excess is negative, a gain on business acquisition is recognized immediately in the statements of income.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination is expensed as incurred.

2.6 Property, premises, vessels and equipment/Depreciation and amortization

Property, premises, vessels and equipment are stated at cost less accumulated depreciation and allowance for loss on impairment of assets (if any).

Depreciation of fixed assets is calculated by reference to their costs after deducting residual value on the straight - line basis over the following estimated useful lives of assets.

Vessels 25 years

Condominiums and leasehold buildings 20, 50 years

Other fixed assets 3 - 10 years

No depreciation is provided for land.

Major repair and maintenance costs of vessels are capitalized when incurred and amortized on a straight - line basis over a period of 30 months.

2.7 Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the period they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

CONTAINED LINES

DIRECTOR

LSutep Tranantasın

Director

..... DIRECTOR

2.8 Intangible assets

Intangible assets are measured at cost on the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and any accumulated impairment losses.

Intangible assets with finite lives are amortized on a systematic basis over the economic useful life and tested for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method of such intangible assets are reviewed at least at each financial year end. The amortization expense is charged to the statements of income.

A summary of the intangible assets with finite useful lives is as follows:

Useful lives

Computer software

3 years

2.9 Financial instruments

Classification and measurement

Financial assets that are debt instruments are measured at amortised cost.

Financial assets which are the equity in trading securities are measured at fair value through profit or loss. For equity instruments for other purposes are measured at fair value through profit or loss or through other comprehensive income. In the case, the equity securities are measured at fair value through other comprehensive income, the accumulated gain (loss) on measurement of these investments will not be reclassified to profit or loss.

Financial liabilities are classified and measured at amortised cost.

Derivatives are classified and measured at fair value through profit or loss.

Impairment of financial assets

The Group assesses on a forward - looking basis the expected credit loss associated with its financial assets measured at amortised cost. The Group applies general or simplified approach for credit - impaired consideration which depends on the significant of credit risk.

2.10 Leases

At inception of contact, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group as lessee

Right - of - use assets

The Group recognises right - of - use assets at the commencement date of the lease. Right - of - use assets are stated at cost, less any accumulated depreciation and impairment losses (if any), and adjusted for any remeasurement of lease liabilities (if any). The cost of right - of - use assets includes the amount of lease liabilities recognised through initial measurement, initial direct costs incurred, and lease payments made at or before the commencement date, less any lease incentives received.

The cost of right - of - use assets also includes an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

Unless the Group is reasonably certain that it will obtain ownership of the leased asset at the end of the lease term, the recognised right - of - use assets are depreciated on a straight - line basis from the commencement date of the lease to the earlier of the end of the useful life of the right - of - use asset or the end of the lease term.

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the interest rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate. The lease liabilities are subsequently measured using the effective interest method and by reducing the carrying amount to reflect the lease payments made. The Group recognizes interest from lease liability in the statement of income. In addition, the carrying amount of lease liabilities is remeasured if there is a modification or reassessment.

Lease payments included in the measurement of the lease liability comprise:

- Fixed payments (including in substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amount expected to be payable by the lessee under residual value guarantees;
- Exercise price of purchase options, if the lease is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

Short - term leases and Leases of low - value assets

Payments under leases that, have a lease term of 12 months or less at the commencement date, or are leases of low - value assets, are recognised as expenses on a straight-line basis over the lease term.

THE OWN HELD VICES

ात शांग (किंद

Trananus in DIRECTOR

Director

20

The Group as lessor

The Group classifies each of its leases as either a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Group recognizes lease payments received under operating leases as income on a straight - line basis over the lease term.

Sub lease

When the Group is an intermediate lessor, it accounts for its interests in the head lease and sub-lease separately. It assesses the lease classification of a sub - lease with reference to the right - of - use asset arising from the head lease, not with reference to underlying asset. If a head lease is a short - term lease to which the Group apply the exemption described in "Short - term leases and leases of low - value asset, then it classifies the sub - lease as an operating lease.

The Group as an intermediate lessor accounts for the sublease as follows:

- If the sublease is classified as an operating lease, the Group continues to account for the lease liability and right of use asset on the head lease like any other lease; or
- If the sublease is classified as a finance lease, the Group derecognise the right of use asset on the head lease at the sublease commencement date and continue to account for the original lease liability in the head lease.

2.11 Related party transactions

Related parties comprise enterprises and individuals that control, or are controlled by, the Company, whether directly or indirectly, or which are under common control with the Company.

They also include associated companies and individuals which directly or indirectly own a voting interest in the Company that gives them significant influence over the Company, key management personnel, directors and officers with authority in the planning and direction of the Company's operations.

2.12 Foreign currencies

The Group's consolidated financial statements are presented in Thai Baht, which is different from the Group's functional currency of USD. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

Translation of foreign currency transactions and balances

Transactions in foreign currencies are initially recorded by the Group entities at their respective functional currency. Foreign currency transactions during a particular year are translated into USD at the exchange rates ruling on the transaction dates.

Monetary assets and liabilities in foreign currencies outstanding on the statement of financial position date are translated into their functional currency at the exchange rates ruling at the reporting date. The exchange differences arising on the translation are recognized in the statement of income.

Non - monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non - monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Translation into the Group's functional currency

As Group's functional currency is USD, The assets and liabilities of each entity in the Group whose functional currency is not USD are translated into USD at the exchange rates ruling at the reporting date and the items in their statements of income and statements of comprehensive income are translated at the average exchange rates of each year.

The exchange differences arising on the translation are recognized in other comprehensive income.

The USD functional currency statements are disclosed in note 26 to the financial statements.

Translation into the presentation currency

The assets and liabilities of each entity in the Group are translated into the Thai Baht presentation currency financial statements at the exchange rate ruling at the reporting date and the items in their statements of income and statements of comprehensive income are translated at the average exchange rates of each year.

The exchange differences arising on the translation are recognized in other comprehensive income.

2.13 Property investments held for investment

Property investments held for investment are stated at fair value.

ाठम उंगांम (कि CONTAINER LINES OF DIRECTOR

Transmost,..... DIRECTOR Director

2.14 Impairment of non - financial assets

At each reporting date, the Group performs impairment reviews in respect of the property, plant, vessels and equipment and other intangible assets whenever events or changes in circumstances indicate that an asset may be impaired. An impairment loss is recognized when the recoverable amount of an asset, which is the higher of the asset's fair value less costs to sell and its value in use, is less than the carrying amount. In determining value in use, the estimated future cash flows are discounted to their present value using a pre - tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by a valuation model that, based on information available, reflects the amount that the Group could obtain from the disposal of the asset in an arm's length transaction between knowledgeable, willing parties, after deducting the costs of disposal. An impairment loss is recognized in the statements of income.

In the assessment of asset impairment if there is any indication that previously recognised impairment losses may no longer exist or may have decreased, the Group estimates the asset's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The increased carrying amount of the asset attributable to a reversal of an impairment loss shall not exceed the lower of its recoverable amount (it determinable) and the carrying amount that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is carried at a revalued amount, in which case the reversal, which exceeds the carrying amount that would have been determined, is treated as a revaluation increase.

2.15 Employee benefits

Salaries, wages, bonuses, contributions to the social security fund, provident fund and other benefits are recognized as expenses when incurred.

Severance Payment as specified in Labor Law are recognized as expenses in the statements of income along the service period of employees. The Group's post - employment benefit obligations are estimated by a qualified actuary under the actuarial assumption using the Projected Unit Credit Method.

However, the actual benefit obligation may be different from the estimate.

The Group shall recognize the actuarial gains or losses arising from defined benefit plan in the period incurred in other comprehensive income.

The Group recognized termination benefits when it is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy.

Past service costs are recognized in the statement of income when The Group plan amendment or curtailment occurs, or recognition in related restructuring costs or termination benefits.

2.16 Provisions

Director

Provisions are recognized when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Provision for cargo claims is made based on the estimated amounts that are unrecoverable from insurance companies.

Mr.Sumate Tanthuwanit

ir Sutep Tranantasın

.... DIRECTOR

CONTAINER LINES

Director

2.17 Income tax

Income tax for the year comprises current and deferred tax. Current and deferred tax are recognized in the statement of income except to the extent that they relate to business combination or items recognized directly in equity or other comprehensive income.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, using tax rates enacted at the reporting date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

2.18 Basic earnings (loss) per share

Basic earnings per share are determined by dividing profit (loss) for the year attributable to equity holders of the parent by the weighted average number of ordinary shares outstanding.

3. Significant accounting judgments and estimates

The preparation of financial statements in conformity with financial reporting standards principles at times requires management to make subjective judgments and estimates regarding matters that are inherently uncertain. These judgments and estimates affect reported amounts and disclosures and actual results could differ. Significant judgments and estimates are as follows:

3.1 Allowance for doubtful accounts

In determining an allowance for doubtful accounts, the management needs to make judgment and estimates based upon, among other things, past collection history, aging profile of outstanding debts and the prevailing economic condition.

3.2 Premises, vessels and equipment

In determining depreciation of premises, vessels and equipment, the management is required to make estimates of useful lives and salvage values of the Group's premises, vessels and equipment and to review estimated useful lives and salvage values when there are any changes.

In addition, the management is required to review premises, vessels and equipment for impairment on a periodical basis and record impairment losses in the period when it is determined that their recoverable amount is lower than the carrying amount. This requires judgments regarding forecast of future revenues and expenses relating to the assets subject to the review.

TOR WITH CHITAMER LISTS FOR

DIRECTOR.

T.Sütep Trananiasın

Director

..... DIRECTOR

Litigation 3.3

The Group has contingent liabilities as a result of litigation. The management has used judgment to assess of the results of the litigation and believes that no loss will result. Therefore, no contingent liabilities are recorded as at the statements of financial position date.

3.4 Provisions for employee benefits

Provisions for employee benefits is estimated using the actuarial method. Such determination is made based on various assumptions, including discount rate, future salary increase rate, mortality rate and staff turnover rate.

3.5 Leases

Determining the lease term with extension and termination options - The Group as a lessee

In determining the lease term, the management is required to exercise judgement in assessing whether the Group is reasonably certain to exercise the option to extend or terminate the lease considering all relevant facts and circumstances that create an economic incentive for the Group to exercise either the extension or termination option.

Estimating the incremental borrowing rate - The Group as a lessee

The Group cannot readily determine the interest rate implicit in the lease, therefore, the management is required to exercise judgement in estimating its incremental borrowing rate to discount lease liabilities. The incremental borrowing rate is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

4. Change in accounting estimation

During the current year, the Group changed the estimated residual value of the vessels. This change was made so that the residual value of the vessels would approximate market value. The effect of the change is to increase net income of the Group and the Company for the year ended 31 December 2021 by Baht 36.5 million and Baht 12.3 million, respectively (Baht 0.044 per share and Baht 0.015 per share, respectively).

Mr.Sun ate Tanthuwanit
Director

Sutep Transactassin DIRECTOR Director

The Group has mortgaged most of their vessels to secure credit facilities granted to the Group.

As at 31 December 2021 and 2020, certain vessels and equipment items have been fully depreciated but are still in use. The original cost of those assets amounted to approximately Baht 1,564 million and Baht 1,419 million (The Company: Baht 575 million and Baht 483 million), respectively.

Transactions occurred in year 2020:

At the end of year 2020, the management determined the recoverable amount of the Company and the Subsidiary in Singapore vessels according to value in use by reference the revenue information of the independent professional appraiser. The result of this determination, the Group and the Company's recoverable amount was higher than the carrying amount. Hence, the Group recorded the reversal on impairment of vessels amounting to USD 2.9 million or approximately Baht 89.7 million (The Company: USD - million or approximately Baht - million) in the statement of income for the year 2020

The discount rate (before tax) of the determination is 8.0% per annum.

Transactions occurred in year 2021:

STEET (MIT VOLUME

In 2nd quarter of year 2021, the Company was delivered a vessel with contract price Baht 73.6 million or approximately USD 2.3 million.

In 3rd quarter of year 2021, a subsidiary in Singapore was delivered 4 vessels with contract price USD 78.2 million or approximately Bath 2,514.5 million. The one of vessel contract price USD 13.9 million or approximately Baht 447.2 million was not delivered per contract. Currently the subsidiary is on returning of deposit process amounting USD 1.39 million or approximately Baht 46.7 million.

At the end of year 2021, the management determined the recoverable amount of the Company and the Subsidiary in Singapore vessels according to value in use by reference the revenue information of the independent professional appraiser. The result of this determination, the Group and the Company's recoverable amount was higher than the carrying amount. Hence, the Group recorded the reversal on impairment of vessels amounting to USD 25.9 million or approximately Baht 835.3 million (The Company: USD - million or approximately Baht - million) in the statement of income for the year 2021

The discount rate (before tax) of the determination is 8.0% per annum.

Depreciation in the statements of income for the years 2021 and 2020 consisted of the following:

| Salary increase rate | 3 - 6.00 | 3 - 6.00 | 4 - 6.00 | 4 - 6.00 | |
| Employee turnover rate | 0 - 25.00* | 0 - 25.00* | 0 - 25.00* | 0 - 25.00* | |
| Mortality rate | TMO2017** | TMO2017** | TMO2017** | TMO2017** | |

- * Based on the weighted average by age group of employees
- ** Reference from TMO2017: Thai Mortality Ordinary Table 2017
- Sensitivity analysis of significant actuarial assumptions

Significant actuarial assumptions for sensitivity analysis are discount rate, salary increase rate, employee turnover rate and mortality, while holding all other assumptions constant. The sensitivity analysis of change in the relevant actuarial assumption that were reasonably possible as of 31 December 2021 as follows:

- If the discount rate increases (decrease) by 1%, the provisions for employee benefits in Consolidated financial statements would decrease Baht 5.40 million (increase Baht 6.22 million) and Separate financial statements would decrease Baht 5.05 million (increase Baht 5.79 million).
- If the salary increase rate increases (decrease) by 1%, the provisions for employee benefits in Consolidated financial statements would increase Baht 6.88 million (decrease Baht 6.06 million) and Separate financial statements would increase Baht 6.41 million (decrease Baht 5.66 million).
- If the employee turnover rate increases (decrease) by 10%, the provisions for employee benefits in Consolidated financial statements would decrease Bath 1.67 million (increase Bath 1.86 million) and Separate financial statements would decrease Baht 1.56 million (increase Baht 1.73 million).
- If the life expectancy increases (decrease) by one year for all employees, the provisions for employee benefits in Consolidated financial statements would increase Baht 0.22 million (decrease Baht 0.25 million) and Separate financial statements would increase Baht 0.21 million (decrease Baht 0.23 million).

In presenting the above sensitivity analysis, the present value of the provisions for employee benefits has been calculated by using the same method that applied in calculating the provisions for employee benefits recognized in the statement of financial position.

16. Legal reserve

TO BOTTO (MOTO)

SE OFFICE CHILDREN

Under the Public Limited Companies Act., the Company is required to set aside to a legal reserve at least 5% of its net profit after deducting accumulated deficit brought forward (if any), until the reserve reaches 10% of its registered share capital. The legal reserve is not available for dividend payment.

17. Dividend paid

c) Management and directors benefit expenses

Management and directors benefit expenses consist the benefits paid to the Company's management and directors such as salaries and related benefit including the benefit paid by other means. The Company's management are the persons who are defined under the Securities and Exchange.

Management benefit expenses for the years ended 31 December 2021 and 2020 are as follows:

(Unit: Million Baht)

| | Consolidated fina | ncial statements | Separate financial statements | | |
|--------------------------------|-------------------|------------------|-------------------------------|------|--|
| | 2021 | 2020 | 2021 | 2020 | |
| Short - term employee benefits | 245 | 72 | 184 | 42 | |

19. Expenses by nature

Significant expenses by nature for the years ended 31 December 2021 and 2020 are as follows:

(Unit: Million Baht)

| | Consolidated fina | ncial statements | Separate financial statements | | |
|---|-------------------|------------------|-------------------------------|------|--|
| | 2021 | 2020 | 2021 | 2020 | |
| Employee benefits expenses | 1,991 | 1,606 | 714 | 557 | |
| Management benefit expenses | 245 | 72 | 184 | 42 | |
| Depreciations and amortization expenses | 2,611 | 1,542 | 433 | 424 | |
| Net doubtful debt | 2 | 4 | - | - | |

20. Provident Fund

The Company, its subsidiaries and its employees jointly registered a provident fund scheme under the Provident Fund Act B.E. 2530. The fund is contributed to by both the Company, its subsidiaries and its employees, at a rate of 5 percent of the employees' basic salaries on a monthly basis. The fund will be paid to the employees upon termination in accordance with the rules of the fund.

The Singaporean subsidiaries contribute to the Central Provident Fund which is managed by the Government of Singapore. In addition, the Hong Kong subsidiary operate provident fund schemes for their employees.

During the year 2021, the Group's contributions to these funds totaled Baht 53 million (2020: Baht 47 million).

21. Tax income (expenses)

The Company has been granted various tax privileges by the Board of Investment under the Investment Promotion Act. B.E. 2520. These include exemption from corporate income tax on profits for a period of 8 years for certain operations. In addition, since 1999 shipping profits have been exempted from income tax.

The corporate income tax rate being used by the Company and its subsidiaries in Thailand 20% on the net income of those operations which are not eligible for the above tax exemption.

Corporate income tax of the overseas subsidiaries and associate has been calculated by applying the applicable statutory rates of the relevant countries.

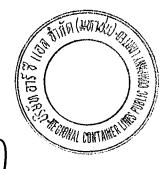

As at 31 December 2021 and 2020 the Group has deductible temporary differences, temporary differences arising from exchange difference occurring while translating financial statements in functional currency into presentation currency, allowance for impairment of investment, provisions for employee benefits and unused tax losses totaling Baht 2,316.47 million and Baht 267.48 million, respectively, (The Company: Baht 45.29 million and Baht 38.99 million, respectively). However, the Group did not recognize deferred tax assets as the Group believes that it is not probable that future taxable profit will be available to allow the entire deferred tax assets to be utilized including almost income of the Group being exempted from income tax, except a subsidiary in Thailand which recognized deferred tax assets amounted Baht 4.09 million and Baht 3.74 million, respectively.

Tax income (expenses) for the year ended 31 December 2021 and 2020, consisted of:

| | Consol | | (Unit: Thousand Baht) Separate financial statements | |
|---|----------|---------|---|--------------|

23. Commitments and contingent liabilities

23.1 Commitments

As at 31 December 2021, the Company and its subsidiary in Thailand have outstanding commitments relating to the lease agreements for office buildings and equipment of approximately Baht 16 million (31 December 2020: Baht 25 million) in respect of lease agreements, and subsidiaries in Singapore has outstanding commitments of USD 53 million or approximately Baht 1,788 million (31 December 2020: Baht 1,062 million) in respect of the following agreements.

(Unit: Million Baht)

| Payment period | Charter hire | Other rental | Total |
|--------------------|--------------|--------------|-------|
| Within 1 year | 1,291 | 34 | 1,325 |
| During 1 - 5 years | 455 | 8 | 463 |
| Over than 5 years | | | • |
| Total | 1,746 | 42 | 1,788 |

As at 31 December 2021, the Group had recorded commitments under the long - term lease agreements due to the adoption of TFRS 16 as at 1 January 2020. Therefore the Group recognised the remaining lease liabilities previously classified as operating lease at the present value of the lease payments discounted using the Group's incremental borrowing rate, as described in Note 14 to the financial statements.

- As at 31 December 2021, a subsidiary in Singapore has bunker purchase commitments amounting to USD 41.6 million or approximately Baht 1,397.4 million covering the period of January 2022 - September 2022 at 6,000 - 13,000 MT per month.
- As at 31 December 2021, the Company has sulphur scrubber purchase commitments amounting to USD 2.5 million or approximately Baht 83.8 million.
- On 2 August 2021, a subsidiary in Singapore had entered into 2 vessel building contracts amount of USD 230 million (as at 31 December 2021 approximately Baht 7,726 million). The payment term of each vessel was scheduled in 4 installment periods based on the contract price: 20% for 1st installment, 10% for the 2nd installment, 20% for the 3rd installment and 50% for the 4th installment (payment upon delivery of the vessel). Tentative delivery date of both vessels are at the 4th quarter of year 2022 and 1st quarter of year 2023, respectively.

As at 31 December 2021, a subsidiary in Singapore has made payment for the above - mentioned contracts amounting to USD 69 million or approximately Baht 2,317.9 million.

23.2 Guarantees

As at 31 December 2021, the Company has guarantee obligations of USD 24 million, SGD 6 million and HKD 35 million, or approximately Baht 1,115 million (31 December 2020: USD 121 million, SGD 6 million and HKD 35 million or approximately Baht 3,914 million). These guarantees were issued to secure credit lines of overseas subsidiaries from financial institutions. The subsidiaries have outstanding guarantees totaling USD 14 million and HKD 6 million, or approximately Baht 496 million (31 December 2020: USD 24 million and HKD 10 million or approximately Baht 784 million). 24. Financial instruments

24.1 Financial risk management

The Group's financial instruments, principally comprise deposits with financial institutions, trade receivables, trade payable and loans. The financial risks associated with these financial instruments and how they are managed is described below.

Credit risk

a) Trade receivables

The Group is exposed to credit risk primarily with respect to trade receivables. The Group manages the risk by adopting appropriate credit control policies and procedures and therefore does not expect to incur material financial losses. The maximum exposure to credit risk is limited to the carrying amounts of trade receivables as stated in the statements of financial position.

b) Deposits with financial institutions

Les Lillia Vani

The Group is exposed to risk arising from deposit with financial institutions. However, the counterparties are banks with a good credit rating, for which the Group considers to have low credit risk.

Liquidity risk

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operation and to mitigate the effects of fluctuations in cash flows.

The remaining contractual maturities of financial liabilities as at 31 December 2021 and 2020 are

Million Baht

<u>2020</u>

The Group could be exposed to risk in interest rates due primarily to the Group's long - term loan obligations. However, derivative and other financial instrument hedging are used for its long - term loan interest obligations.

..... DIRECTOR

Mr. Somate Tanthuwanit

Mr. Sutep Transmissin DIRECTOR Director

The Group's policy is to manage its interest cost using a mix of fixed and variable interest rate debt. To manage this mix in a cost - efficient manner, the Group enters into interest rate swaps in which the Group agrees to exchange at specific intervals, the difference between fixed and variable interest amounts calculated by reference to an agreed - upon notional principal amount. These swaps are designated to hedge underlying debt obligations at the statements of financial position date. The Group does not hold or issue derivative instruments for speculative or trading purposes.

As at 31 December 2021, the Company had a period - by - period knock out swap and interest rate swap agreement covering the notional 2 promise amount of USD 23.69 million (31 December 2020: 2 promise of amount USD 7.25 million), an interest rate of LIBOR is to be swapped for a fixed interest rate, the contracts expiration date is the year 2025.

As at 31 December 2021, the Company had gain from changes in the fair value of derivatives of USD 0.29 million, or approximately Baht 9.2 million (31 December 2020: gain of USD 0.02 million, or approximately Baht 0.53 million). The Company recorded the gain loss in the statements of income.

(b) Foreign currency risk

The Group business spans across the Asian region and, as a result, is exposed to foreign currency exchange rates. For that reason, the freight charges are prices in US dollars and payable in local currency equivalents, a natural foreign currency hedge is created by matching the currency of income flow (linked to US dollars) to the currency of indebtedness. This mechanism functions as a key factor for the Group's ability to manage its foreign exchange exposures. Most of the loans extended to the Group, are thus denominated in currencies similar to that of its income flow. In addition, the Group uses derivative instruments, as and when it considers appropriate, to manage such risks. The Group does not use foreign currency forward contracts or purchased currency options for trading purposes.

In addition to foreign currency transactional exposures, the Group is also exposed to foreign exchange movements on its net investment in foreign subsidiaries. As at 31 December 2021 and 2020, the Group does not hedge such exposures to foreign movement risk as it is minimal.

Whenever possible, it is the Group's policy to negotiate the terms of the hedged derivatives to match the terms of the hedged financial assets or liabilities item to maximise hedge effectiveness.

(c) Commodity price risk

Bunker cost represents a major component of the operational costs of a subsidiary in Singapore. Hence the said subsidiary is exposed to bunker price fluctuations. As at 31 December 2021, a subsidiary in Singapore has taken protection against the higher price risk with the physical bunker forward purchase contract within the certain limit in accordance with the Group's policy. The physical bunker forward purchase policy which blends interval forward with spot purchase has provide the Group with a less risk exposure to bunker price. And a subsidiary has outstanding commitments under the above purchase contract as described in note 23.1 (b) to the financial statements.

24.2 Fair values of financial instruments

Other than the long - term loans, which carry interest at rates which closely approximate market interest rates, the majority of financial assets and liabilities are short - term, and their carrying values do not materially differ from their fair values.

A fair value is the amount for which an asset can be exchanged or a liability settled between knowledgeable, willing parties in an arm's length transaction. The fair value is determined by reference to the market price of the financial instrument or by using an appropriate valuation technique, depending on the nature of the instrument.

25. Capital management

The primary objective of the Company's capital management is to ensure that it has an appropriate financial structure and preserves the ability to continue its business as a going concern.

The Company manages its capital position with reference to its debt - to - equity ratio also to comply with a condition in the long - term loan agreements, which require the Company to maintain a consolidated debt - to - equity ratio of not more than 1.5:1.

As at 31 December 2021, the Group's debt - to - equity ratio was 0.49:1 (31 December 2020: 0.98:1) and the Company's was 0.93:1 (31 December 2020: 1.24:1).
